App. F. III—2]

General and Revenue Secretariat — File No. 55 of 1931.

Serial No.

From the Chief Engineer
No 9781 & 11.1.32.

States that the K&T water supply Dept has been maintaining certain sanitary staff at a cost of about Rs. 59 p.m. and, as the staff is serving the sanitary needs of the villages in the K&T water supply special area, that the village panchayets in the area be asked to contribute a po of the expenditure incurred on the said Sanitary staff.

1) The following information is required for dealing with the case,

Under what Regn or G.O. is the K&T water works special area constituted?

What are the villages included in the above area?

What are the details of the Sanitary staff maintained ~~maintained~~ by the water supply Dept?

Is the staff maintained primarily to serve the needs of the Dept or of the villages in the area?

What are the services rendered by this staff for the villages & under what authority? and

What have the Village Panchayets concerned to say in the matter?

This info will, if appt, be called for,

2 Please get necessary info for 1 & 2 by inspecting in C.E's office.

(1,) Returned, with compliments, to the Gen. Secy

I do not think there is any justification for village panchayets to be asked to pay for service which is wholly and purely in the interests of the water supply. Direct proportionate benefit to the panchayets is very little

Further, while the debit on this head to the water supply maintenance is comparatively small, it will certainly work heavy on the panchayets who are having a hand to mouth existence.

Under these circumstances, I agree with the Duputy Commissioner and am not in favour of the proposal, under consideration.

J. Rama Rao
Director of Health.

Contribution by the Village Panchayets towards conservancy charges in the Special Sanitary Area, Kolar Gold Fields.

Sir,

I have the honour to forward herewith, for favour of order of Government, a copy of letter No.619 dated the 22nd December 1931 together with its enclosures received from the Executive Engineer, Water Supply Division, on the above subject.

2. For the reasons set forth in the Executive Engineer's letter, the Village Panchayet may be asked to bear a moiety of the charges.

I have the honour to be
Sir,
Your most obedient servant,

M G Rangaiya
Chief Engineer of Mysore.

TSRN.

Letter No.619 dated 21st December 1931, from the Executive Engineer, Water Supply Division, Bangalore, to the Chief Engineer of Mysore, Bangalore.

Re: Village Panchayets contribution towards Conservancy in Special Sanitary Area - Kolar Gold Fields Works.

In enclosing herewith a copy of the Superintendent's letter No.353 dated 24th September 1931, I have the honour to state that I agree with the views of the Superintendent and am also of the opinion that the Village Panchayet in fairness should bear a portion of the expenditure say 50% on the conservancy of their villages. As per Village Panchayet Regulation, it is one of the obligatory duties for them to clean streets, drains etc., and for which they are authorised to levy a tax also. If there was no Special Sanitary Area fixed by the Government, these villages would have done these duties themselves spending their own money. It is therefore but fair that they should contribute something towards the Sanitary Staff maintained by the Kolar Gold Fields Water Supply Department for this purpose, which costs about Rs.59 per month. The Water Committee also agrees with the above views as will be seen from the enclosed copy of their resolution passed in their Meeting of 19th August 1931.

I therefore request you to kindly move the Government to take necessary action in the matter.

Copy

For Chief Engineer of Mysore.
